## THE SUGAR BOUNTY

\$200,000 May Be Available to  
Pay Bounty.

**Governor Vetoed Because No  
Limit Was Provided.**

Lansing, June 17.—The beet sugar men are not entirely discouraged over the shape the beet sugar bounty has been left in. The law of 1897 stands unrepealed and in the general budget is an appropriation of \$200,000 for paying sugar bounties in the next two years.

The original bounty bill passed by both houses this session was recalled at the suggestion of Governor Pingree and radically amended. Yesterday he vetoed the amended bill. Then a further measure was prepared and hustled through both houses fixing the bounty at one half cent and the maximum to be received by one factory at \$25,000.

As passed by the house the bill provided that the bounties shall cease in 1901. This was not acceptable to the beet sugar lobby and in the senate was amended so as to extend the time to 1904. This amendment did not reach the house in time to be concurred in, and the bill is accordingly defunct.

At precisely high noon, when the beet sugar lobbyists were being commiserated with in the corridors of the state, they confessed with grins that they had had a card up their sleeves. The bounty bill of 1897 is, of course, still operative, but the specific appropriations under it are exhausted. Now, in the general purpose or omnibus bill rushed through both houses yesterday with such haste that few members knew of its detailed provisions, there is an item of \$200,000 for beet sugar bounty payments during the present year. This sum will, of course, become available for carrying out the provisions of the act of 1897. The factories will get this year a cent a pound instead of the half cent provided for in the defunct substitute bill and the sugar men say that next year they will simply charge up to the state the amounts earned in bounties and will

present their claims to the next legislature for settlement.

In his veto of the bill Governor Pingree said:

"This law contains the same objectionable feature as the act which you recently recalled from this office. In my communication, sent to you on June 6, I expressed the opinion that a limit of \$2,000 to be drawn from the state treasury, by each factory, should be fixed. The law as it finally reaches me reduces the bounty from one cent to half a cent a pound, but no limit is placed to the amount which can be paid to each factory. No one can tell what the output of the factories constructed in the immediate future will be, nor what amount it will be necessary to raise by taxes on all property to pay the bounty to a few manufacturers.

"The law in the form in which it reaches me is unbusiness-like and wrong in principle. It is estimated that if the factories now built and in process of construction should be run to their full capacity the draft upon the state treasury would be \$900,000 yearly at one cent per pound. If the bounty should be paid at one-half cent a pound, as proposed in the law now before me, the amount paid from the treasury would be \$450,000 a year. It is a simple calculation to determine that if the factories should double in capacity, an entirely probable supposition, the state would be required to pay a bounty of \$900,000 a year. The same as the result would be under the law which you recalled. I do not see that you eliminated the provision of the law which I cannot sanction, and I am obliged, therefore, to return the act without my approval."

The veto message closed with a roast on the legislature for not compelling corporations to pay their just share of the taxation.

## FLOWER MISSIONS

Mrs. Christopher's Address to the Local  
W. C. T. U.

The following is the excellent paper read by Mrs. Fannie H. Christopher on "Flower Mission" work before the Benton Harbor W. C. T. U. a few days ago:

I was asked to pen a few lines about "Flower Missions." It is an oft repeated phrase that poetry and music have a tendency to refine the taste and soften the heart. Flowers too, I have often thought, should be added and to which I believe many will respond, for from the costly elaborate floral tributes for the great of the earth, down to the simplest flower by the wayside, or little brook, sent or given by a sympathizing loved one, to an invalid sufferer in her room, or to the condemned, unfortunate prisoner in his cell, no act, no offering, no tribute can ever be more touching and sacred to the receiver.

Miss Jennie Cassidy who some time since ceased from her earthly labors, while not yet in the prime of her life, had been confined to her couch many years, and at times a great sufferer, a very prisoner of the Lord, patiently and hopefully waiting that after the pains and shadows of mortal life were over to awaken in that bright and glorious morn of eternal rest.

But while she was thus suffering and patiently waiting, many philanthropic and noble schemes had been worked out by her, which wise and useful suggestions we have not forgotten, and it has been our endeavor not only to carry them out but to enlarge and increase their influence.

Miss Jennie Cassidy became to me knowing her best, visibly an inspiration. I was among those who some years ago in Louisville, answered the call of this remarkable woman's suggestion to have a regular organization of flower missions in our city, making her our president, invalid though she was. For a long time previous, ladies from all societies had meetings every week, then we left and with flowers visited hospitals, prisoners or sick, whose cases had been given to us, but as yet with no definite plan or leadership, though much good resulted.

Many from that hour to the present have been, it is well known, in many states, faithfully working and carrying out the plans and suggestions of our then invalid president. I have said that she was our inspiration, which indeed she was and will so remain, though that little couch on which she had lain so long a sufferer, is now vacant.

We are gladdened by the wide spread and continued extension of flower missions, that is obtaining favor in so many states in connection with temperance unions, we trust that everywhere may be added to them this useful, beautiful, touching field of labor, flower missions.

was made national president of flower missions. What an enjoyable meeting that was to both of those gifted, useful women. It was the last of their meetings on the shores of time, but it was not long ere they met again and are now having sweeter and never-ceasing communion and blooming again into never-changing health and youth in that brighter and happier clime. May our lives be so useful and full of loving kindness that when heart and flesh with us too shall fall, that our influence like those saintly women who have passed away may not cease, but live on and continue, like the sweet perfume of the lovely flowers around us.

FANNIE H. CHRISTOPHER.

Demorest for July.

The July Demorest's is an especially seasonable number. There is more fiction than usual, there are three special fashion articles, besides the regular Paris "Review," and a delightful assortment of short topics of interest are treated in a brisk, sprightly manner.

The cover is a "Stanlaw's Girl," especially designed for Demorest's in that imitatively chic fashion which has already made Mr. Stanlaw famous.

The leading article deals with a subject of widespread interest to men and women throughout the country, especially property owners. It is a vigorous plea for "Village Improvement Societies," and gives an accurate account and some excellent photographs of the work done by the women of the Honesville, Pa., association. "An Important Philanthropy" is the title of a most comprehensive story of the inception, growth and success of the society for the prevention of cruelty to animals, by Theodore Dreiser. The subject is well and fully illustrated.

One of the most delightful features of this number of Demorest's magazine is the first installment of a series of sprightly articles called "Miss Van Santvoord's Impressions." The series is being written by a New York society girl, who is hand in glove with the fashionable belles and beaux of the most exclusive set. Independence and originality are the characteristics of her writing.

Some interesting and timely articles for women are: "The Everyday Clothes of the Smart Girl," "Ten Practical, Stylish Skirt Waists," and "Fashionable Shoes and Stockings." They are helpfully illustrated by pen-and-ink drawings.

Besides this remarkable list of special features, there are four short stories and all the usual departments.

"You May Bend the Sapling, but not the tree." When disease has become chronic and deep seated it is often difficult to cure it. That is the reason why it is best to take Hood's Sarsaparilla when disease first shows itself.

## A GOOD CONVENTION

COUNTY C. E.'S MEET AT BER-  
RIEN CENTER.

A large number of delegates from the Berrien county Christian Endeavor societies this noon closed an interesting session at Berrien Center.

The convention was held in the Lutheran church which was prettily decorated with evergreen and blossoming plants. The delegates were warmly welcomed and all the homes in the little village were thrown open for their accommodation.

The reports given yesterday afternoon from the various societies in the county were, as a rule, very encouraging, the report of the junior superintendent being especially so.

The meeting closed at noon today with a farewell service conducted by Rev. E. A. Hoffman, of this city.

E. E. ROUSE, JR., DEAD.

Little Boy Died After Months of Suffering.

Ellsworth E. Rouse, son of Mr. and Mrs. E. E. Rouse, died this morning after several months of suffering.

April 3 last while the family was living in Chicago, the little fellow who was five and a half years old, was attacked by scarlet fever followed by an attack of diphtheria. When the family moved to Benton Harbor a few weeks ago the little patient began to grow better but soon went into an anemic decline as a result of the disease.

Mrs. Rouse, the mother of the child, is in bed from the results of a surgical operation performed last Sunday and will not be able to attend the funeral which will occur at the house, 177 Morton avenue, tomorrow morning. Rev. E. A. Hoffman will officiate.

## MICHIGAN.

Fourteen hobos attempted to capture a Michigan Central freight train at Ann Arbor, Thursday, but were run in.

At Owosso May Derham was awarded \$1,400 in her suit for damages against her father-in-law for alienation of her husband's affections.

Ferdinand Dietrich, a boy 17 years old while swimming with two other boys, was drowned at Muskegon last evening.

The trial of Edward Powers of Ber-  
ville, for the murder of William Web-  
ber last April, resulted in a verdict of not guilty in the circuit court of Macomb county.

Highwaymen attacked a farm hand at Buchanan, beat him into insensibility and then threw him down an embankment, breaking his leg. They did not secure any money.

The movement for the establishment of a beet sugar factory at Menominee is going steadily on and the factory is looked upon as almost a sure thing for next year. The farmers of the county will experiment considerably this summer in the raising of the beets.

Michigan pensions were granted Wednesday as follows: William H. Clark, Decatur, \$6; Isaac Joseph, Lowell, \$6. Increase—Sidney J. Pike, Rondo, \$8 to \$10; James J. Freeman, Greenville, \$12 to \$17; Seymour Burrows, Eureka, \$6 to \$8; Bryan Stanbery, Deerfield, \$8 to \$10; Henry Fowler, Onkama, \$6 to \$10; Frederick M. **Terrible Disaster in a Coal Mine in Cape Breton.**  
**DEADLY EXPLOSIONS OF GAS OCCUR.**  
**Eleven Workmen Are Known to Have Been Killed—Difficulties of Heroic Rescuers—Sad Scenes at the Pit's Mouth.**  
Halifax, N. S., June 17.—According to an official account of Friday morning's disaster in the Caledonia mine of the Dominion Coal company, at Glace Bay, Cape Breton, there were two explosions, the first killing six men and the second five. Fire started near what is known as the deep pump, the cause being unknown. Six men who were on their way out were overcome by an explosion of fire damp and suffocated where they fell. Three-quarters of an hour later a party of men were on their way to the scene of the fire, headed by Thomas Johnston, the underground manager when an explosion of gas occurred, by which they were killed instantly. The bodies of the victims save one, were recovered by a rescue party, in which was John Johnston, assistant manager of the Dominion Coal company, and a brother of one of the dead. After considerable difficulty the position of the fire was located and a body of volunteers attacked the flames with water. This work was carried on vigorously for several hours, when it was found that the extent of the fire and the difficulties of fighting it rendered efforts useless.  
The party was confronted with many difficulties. Men, women and children hung about the opening of the slope, weeping and distracted. Down below a pitchy darkness prevailed, lighted by occasional brilliant bursts of the conflagration raging through the pit. The jumps of the rescuing party shed feeble gleams, and the volunteers groped their way down into the mine, the poisonous gases almost choking them. After a brief time a body was brought up, then another, and another until ten had come to the surface. None of them were mangled, but all were blackened. The bodies were laid side by side in the large room in the office building. Men and women crowded into the place and the identifications were accompanied by most pitiful scenes.

**Prices to Be Advanced.**  
Grand Rapids, Mich., June 17.—The largest table manufacturers in the country have organized here under the name of National Dining Table association. They will at once order an advance of 15 per cent. on all grades of tables, while some special grades will be advanced 20 to 25 per cent. The new chair trust has also ordered an advance in price of 15 per cent. and indications are that these advances will be followed by furniture makers in all other lines when the July sales begin.  
**Warning to Packers.**  
Washington, June 17.—A note of warning to American meat packers is sounded by United States Consul General Winslow at Stockholm in a report to the state department upon meat inspection at that place. He says trichinosis has been found in one piece of American pork and in 24 carcasses of Swedish pork. Stockholm is a good market, he says, for American meat, but it will be spoiled by careless packing.  
**To Fight Tin Plate Trust.**  
Chicago, June 17.—Senator W. A. Clark, of Montana; Charles Edwin Miller, of New York, and J. E. Shawhan, of San Francisco, had a consultation at the Auditorium Friday looking to the formation of a combination to fight the tin plate trust. It is proposed to establish a plant at Joliet, Ill., with a capital of \$1,000,000.  
**The Code in France.**

**Will Undertake the Task.**  
Paris, June 17.—Senator Pierre Waldeck-Rousseau has accepted the task of constructing a cabinet, M. Delcasse having declined.

**Shipyard Changes Hands.**  
Saginaw, Mich., June 17.—The deal whereby the big shipyard of F. W. Wheeler, at West Bay City, passed into the American shipbuilding trust, was closed Friday and the papers were passed. Two weeks ago the yard was appraised and the papers were signed Friday. It is listed at about \$700,000.  
**Chicago's Population.**  
Chicago, June 17.—Chicago's population, according to Chief of Police Kipley, has finally passed the 2,000,000 mark and is now 2,088,043. The figures are the result of a census taken by the police force.  
**Lynched.**  
Baxley, Ga., June 17.—"Roy" Williams (colored), who is said to have attempted an assault on Mrs. H. W. Kennedy, near Surrency, Ga., a few days ago, has been taken from jail and lynched.  
**Bicyclist Killed.**  
Dubuque, Ia., June 17.—Herman Demft, a merchant, while riding a bicycle, collided with a street car motor, and was instantly killed.

**Northern Wisconsin Farms.**  
That vast portion of undeveloped country in northern Wisconsin—which is still unsettled, is fast filling up with settlers who are induced to come there by reason of the rich soil, the general productiveness and the unexcelled market facilities. The Wisconsin Central lines running through the very heart of the state afford the settler the finest transportation facilities at the lowest rates, and the farms adjacent to the line are being rapidly taken up. The fast trains leaving Chicago daily for St. Paul, Minneapolis, Astland and Duluth take you to the best farming region in the country. Pamphlets and folders giving complete description are yours by addressing W. H. Killen, Deputy Land and Industrial Commissioner, or Jas. C. Pond, Gen'l. Pass. Agent, Colby & Abbotts Bldg. Milwaukee, Wis. 43t145  
**A MEDICAL SUCCESS.**  
The American Medical and Surgical Institute was established in 1886, for the treatment of Chronic and Private Diseases and has already by its remarkable cures, placed itself among the most noted medical institutions of the country. By special arrangement the Drs. B. S. & Co., physicians will make regular visits to this city every twenty-eight days, which will give the afflicted of the community an opportunity of consulting these noted specialists. They do not claim to work miracles, but do claim in all honesty and candor, to cure cases that are at all curable. Let those given up by other physicians, call for free consultation at the Hotel Benton, Benton Harbor, Wednesday, June 21, between 9 a. m. and 6 p. m. One day only.

**One day only each month.**  
**OFFICE HOURS: 9 a. m. to 7 p. m.**  
**Consultation and Examination Free**  
Dr. McDonald has for years made a study and specialty of chronic and lingering diseases that require special medical treatment for their cure. Such cases as family physicians fail to help and pronounce incurable are particularly solicited, especially those over-dosed with strong mineral drugs and poisons. Dr. McDonald uses only the purest medicines from the vegetable kingdom. He pays attention to the cause of the disease and instructs his patients the way to health and happiness. Dr. McDonald can show hundreds of testimonials in the hand writing of grateful patients who have been cured by him when others failed. He is so familiar with the humah system that he is able to read all diseases of the mind or body correctly at a glance without asking any questions. Thousands of invalids are being treated daily for diseases that they do not have, while a few drops of medicine directed to the seat of the disease would give speedy relief, and permanent cure in a very short time. Good health is the most precious jewel in our crown of happiness. With it the world is bright; without it, misery claims us for her own. If you are a sufferer you should weigh well these words: A person who neglects his health is guilty of a great wrong to himself and a grave injury to humanity. The name of Dr. McDonald, the well-known specialist in the cure of chronic and lingering diseases, has become a household word in thousands of homes which his skill and wonderful remedies have made happy by restoring dear ones to health after all hopes were lost. The doctor is a graduate of the highest and best medical colleges, and his advanced theories in the treatment of chronic diseases surprise the most skeptical. All chronic diseases of the  
EYE, THROAT, HEART, STOMACH, LUNGS, LIVER, KIDNEYS, and BOWELS, scientifically and successfully treated.  
Dr. McDonald has made a special study of all diseases of the brain and nervous system, and all delicate and obscure diseases peculiar to women.  
Dr. McDonald's Special Remedies are a permanent cure for men suffering from nervous and sexual debility and early decay. Rheumatic and paralytic cripples made to walk; catarrhal deafness positively cured and many made to hear a whisper in a very few minutes. All aches and pains fade away under his magical remedies. Epilepsy or falling sickness positively cured through his new method of treatment. Special attention given to catarrh and diseases of the blood.  
Those unable to call write or question blank. Hundreds cured through correspondence. Medicine sent everywhere. Consultation free and strictly confidential. Address

**TRAIN ROBBED.**  
Masked Men Hold Up a Train in Indian Territory—Amount Secured Not Known.

Kansas City, Mo., June 17.—A special to the Star from Mena, Ark., says: About 2:45 o'clock Friday morning the south-bound passenger train of the Kansas City, Pittsburg & Gulf railway, No. 2, was held up by three masked men at a curve about a mile south of Shady, I. T. The engineer was signalled to stop by a lantern, and on bringing the train to a stop guns were leveled at him and the fireman was compelled to go back and cut off the express car. Then they all entered the cab of the engine. One of them being familiar with the engine ran the cars down the track a couple of miles, where they went through the express and mail cars, securing considerable booty, the exact amount of which is not known, as the express company will not give out the amount of its loss.

Houston, Tex., June 17.—A special from Paris, Tex., says: Late advice says Joe Tate, John Burns and John Peterson have been arrested at Poteau, I. T., after a running fight of half a mile, for complicity in the robbery of the Kansas City, Pittsburg & Gulf train near Poteau. They were taken to Fort Smith.

## TAKES A HIGH PLACE

Stands Well in the Estimation of the People.

Attention is Naturally Excited When Anything is Praised by People Whom We Know.

A thing that stands high in the estimation of the public, and which is especially recommended by Michigan people, naturally excites our attention more than if our own people did not praise the article. Such a thing is going on right here in our state every day, people are praising Morrow's Kid-ne-olds because they cure. There is no deception, no humbug, they do positively cure, and we furnish the evidence.

Mrs. C. H. Leonard, No. 209 Williams street, Bay City, Mich., says: "About one year ago I noticed symptoms of kidney trouble and the trouble increased rapidly. I also had backache, nervousness and dizziness. Hearing about Morrow's Kid-ne-olds, I concluded to give them a trial, and the relief I got was wonderful. In a few days my backache was gone, my nerves became steady and my dizziness was also gone."

Morrow's Kid-ne-olds are not pills, but Yellow Tablets and sell at fifty cents a box at all drug stores and at Lowe & Witherspoon's.

## Good Blood!

Your heart beats over one hundred thousand times each day. One hundred thousand supplies of good or bad blood to your brain. Which is it?  
If bad, impure blood, then your brain aches. You are troubled with drowsiness yet cannot sleep. You are as tired in the morning as at night. You have no nerve power. Your food does you but little good.  
Stimulants, tonics, headache powders, cannot cure you; but

will. It makes the liver, kidneys, skin and bowels perform their proper work. It removes all impurities from the blood. And it makes the blood rich in its life-giving properties.

**To Hasten Recovery.**  
You will be more rapidly cured if you will take a laxative dose of Ayer's pills each night. They arouse the sluggish liver and thus cure biliousness.

- 2—\$5 for the best photograph of the interior of C. J. Peck & Co.'s furniture store, main floor.
- 3—\$5 for the best photograph of Somerleyton—the popular river resort.
- 4—\$5 for the best photograph of the interior of H. L. Bird's drug store.
- 5—\$5 for the best photograph of the

Evening News Boys' band either marching on the street or playing.

The rules for the contest are as follows:

- 1—Only amateur photographers who are residents of Berrien county can contest. There will be no entrance fee and the contest will be open to all who are eligible as residents of the county and amateurs in the art.
- 2—Every contestant will not only be required to take the picture but also to finish the same.
- 3—No contestant will be allowed to carry away more than two of the five prizes.
- 4—The contestants must have their pictures at THE NEWS office before July 1.
- 5—The same person may contest for all the prizes but cannot enter more than two photographs of the same object.
- 6—Names should not be written on the margin or the back of the photographs but the name of the artist should accompany the picture on a separate piece of paper. This is to avoid the necessity of the judges knowing whose work they are judging.

## DRIVING OUT GAMBLERS.

**Sheriff Ferguson Renovating St. Joe.**

**Gambling Houses Must Close Shop.**

**Saloons Got Last Sunday Harvest Yesterday.**

Gamblers have been growing bold in St. Joseph. The police either do not know it, or are too busy watching for bikers without bells and lanterns that they have had no time to look after the criminals. Victim after victim has reported to Sheriff Ferguson and their complaints have not fallen upon deaf ears. The days of the St. Joseph gamblers and thieves are numbered; the slot machines have already gone and the saloons have seen their last Sunday's business for the season.

No less than 30—the number is estimated at 50—shoeing gamblers have infested St. Joseph the past week. They have tackled citizens and strangers on the streets inviting them to sit in the poker games in the seven gambling houses of the city. Some of those who refused the invitation have been held up and robbed.

Sheriff Ferguson began the business of cleaning house Saturday. He visited Mayor Church and informed him that the slot machines must go. The mayor said he favored the move but that he had been handicapped by some of the members of his council, but the mayor issued the order and Chief Hosbein took out the slot machines in the afternoon.

Yesterday was a terrible day in St. Joseph. Gamblers operated on the streets, the dens were running and crowds of semi-sober and drunken men surrounded the side and back doors of the saloons.

Last night the sheriff personally visited every gambling house and ordered the keepers to close up shop and not to open again; if they reopened he declared it would be at their peril for there would be no more warnings.

Not only must gamblers close shop

## READY FOR WAR

**President Kruger Planning a Campaign Against Great Britain**

**London St. James Gazette Tells the Plan of Campaign**

By Telegraph to Evening News.

London, June 19.—The St. James-Gazette claims to have received reliable news from Pretoria, the capital of Transvaal, that President Kruger is planning a war campaign against Great Britain. Gen. Jouberts with a force of 20,000 men with Mausers, 46 quick firing, and 1,000 artillerymen and the help expected from the Orange Free State will take the offensive.

Immediately after the declaration of war the allied forces will enter Orange Free State and march on Kimberly, the British diamond center, 100 miles west of Bloemfontein. Jouberts expects to capture the railroad and blow up Debers' diamond mine simultaneously. The railroads to Cape Town and Port Elizabeth will be destroyed to prevent the British troops from entering. Finally after capturing Kimberly, Jouberts will advance on Cape Town, where the Dutch predominate and are expected to join the Boers.

Joubert claims he will be master of Cape Town two weeks after the declaration of war and able to dictate peace.

## THREE DIVORCES.

**THEY HAVE BEEN ASKED FOR IN THE CIRCUIT COURT.**

Jacob Miller, of Benton Harbor has filed a bill in circuit court asking for a divorce from his wife, Kate Miller.

# MAY CALL VOLUNTEERS

**Patriots Yelling for Conquest Likely to Have an Opportunity to Die for the Cause.**

By Telegraph to Evening News.

Washington, June 19.—A member of the cabinet in high standing made the following statement today:

"At the slightest intimation from Gen. Otis that he wants more troops it will be followed by a call for volunteers promptly. There will be no further parleying with Aguinaldo and his followers and no let up in Otis' aggressive campaign. The president stands ready to call for as many volunteers as may be necessary to subdue the Filipinos and he has reason to believe that the call will be answered promptly."

## ROBBED OF \$40.

**Farmer Robbed at the Summer Garden.**

**The Police Have Recovered the Money.**

Last Saturday, a farmer whose name is unknown to the police visited the notorious summer garden at the corner of Territorial and Sixth streets and was relieved of \$40 in cash.

As soon as he discovered that he had lost his money he reported to the police who visited the place and Timothy Talbot, the proprietor, gave Officer B'Brian the money with the explanation of how it came in his possession.

He said that the farmer went to a wine room with a woman named Pearl Bruce and after being in the room a short time the woman came out on the platform between the summer garden and the White House buffet and Mrs. Talbot, who was looking out of an upstairs window, saw her slip something under a piece of carpet. When she returned to the wine room Mrs. Talbot came down stairs and found a roll of bills containing \$40 which she gave to Timothy Talbot.

Pearl Bruce tells Chief of Police Jones that she did not take the money and says Mr. and Mrs. Talbot are the guilty ones.

The chief of police has the money in his possession and the farmer can have the same by calling on that official.

## STARR THREATENED.

**ANONYMOUS WRITER SAYS HIS LIFE IS IN DANGER.**

Ex-Mayor John V. Starr of St. Joseph has received the following unsigned letter which makes a threat of his life:

"John Starr: You are going around sticking your nose in other people's business. Mind your own business. The police can take care of slot machines without you. If you don't mind your own business you will turn up missing some day."

## OTTAWA BEACH.

**First Excursion of the Season Next Sunday.**

The Evening News Boys' band will run the first excursion of the season to the popular and pretty summer resort.

Ottawa Beach, next Sunday, June 25. The steamer City of Louisville will leave her docks here promptly at 8 o'clock and St. Joseph at 8:30. The fare for the round trip will be 50 cents.

## TO FIGHT TRUSTS.

**The Farmers Will Combine to Defeat Corporations Acting Against Public Interest.**

New Carlisle, Ind., June 19.—Aaron Jones, of this county, master of the national grange, says in an interview that the proposed trust of the farmers of the United States will be consummated and will make itself felt in due time and such trusts as are against public interests will have arrayed against them a force that is pretty certain to accomplish its purpose. The methods of warfare will prove effective, Mr. Jones says. A force of 1,000,000 organized farmers can make it exceedingly uncomfortable for trusts formed to practice extortion.

## Injured by Exploding Gasoline.

Cleveland, O., June 19.—The entire front of the brick house of Abraham Kohn, at 23 Wadsworth street, was blown out by an explosion of gasoline Sunday, and Kohn, his wife and child are in the hospital. The baby will surely die, and Kohn himself is believed to be fatally burned. Mrs. Kohn was cleaning some garments with gasoline, and she left the vessel uncovered in the house while she was out in the yard, the door being closed. In some way the gasoline was ignited, and the explosion followed.

## LEFT THEIR BABY

**And Went to St. Joseph to Get Married.**

A couple were married in the county clerk's office in St. Joseph Saturday. The bride was very nervous and made several requests that the clerk and justice hurry matters. The bride was pretty and the groom good looking.

Just as they left the court house the clerk received their description by telephone and the clerk was asked if he had seen them. The message was from Benton Harbor and the anxiety was that the couple had left a three weeks' old infant at their boarding house and the supposition was that the babe had been deserted.

The couple, it appears, had been living together but never had gone through the formalities of a marriage. The babe was not deserted but the father and mother made the journey to St. Joseph and performed their mission in the quickest order possible so as not to leave baby but a short time.

## TO PUSH THE REBELS

**Campaign Against Aguinaldo to Be Renewed with Vigor.**

### IMPORTANT ACTION BY THE CABINET

**The War to Be Continued with Even More Aggressiveness—Army Officers Urge Strong Reinforcement for Otis.**

New York, June 19.—According to a Washington correspondent of the Journal and Advertiser, two important decisions were made at the meeting of the cabinet held just before the president started for Holyoke, referring to the campaign in the Philippines.

First, that in view of the strength of Aguinaldo in the north as developed in dispatches from Gen. Otis, the aggressive campaign against the rebel chief must be renewed with vigor.

Second, that the army and navy must cooperate to maintain a tight blockade of Luzon in order to prevent the landing of supplies of any character for the rebel forces.

In renewing the campaign against Aguinaldo, the president is pursuing the same policy as that now in operation against the rebel forces in the south.

President McKinley expressed surprise that the insurgent forces should be able, apparently, to procure inexhaustible supplies of arms and ammunition, and directions were cable to Admiral Watson to cooperate with Gen. Otis in trying to prevent the landing of munitions of war on the island of Luzon.

A blockade of the island was reported established some time ago, but every encounter with the insurgents demonstrates that they still have abundant supplies.

#### Would Ask for Volunteers.

Washington, June 19.—It is the general opinion of army officers in Washington that developments during the last two months have shown conclusively that the military officials have underestimated the task which confronts Maj. Gen. Otis in the Philippines. They hold that it is also evident that unless a much larger force is sent out the struggle must be continued for a long time.

When all the men now under orders reach Manila and the three additional regiments decided upon have been enlisted, Gen. Otis will have about 33,000 men—3,000 more than he has said he needs, but a force, in the judgment of many military authorities, far too small to make rapid progress against the insurgents. It is evident that few more regulars can be spared from the small force retained in the United States unless volunteers are enlisted to replace them, and the president is being strongly urged to call for an adequate force of volunteers.

#### Statement by Corbin.

Many military experts say it is too big a risk not to call for volunteers. It is true, they acknowledge, that Gen. Otis has said he does not need more men, and he ought to be the best judge, but it is also true, they assert, that the predictions of Gen. Otis have not been borne out by the progress of the campaign, and that all officers who have returned from the Philippines agree that the force asked for by Gen. Otis will not be sufficient. Adj. Gen. Corbin said that Gen. Otis would be supplied with every man, every rifle, every equipment that he might ask for, and added: "He has stated repeatedly that 30,000 men would be sufficient to control the situation, and he knows more about it than people who sit at their desks in the United States and attempt to state the number of troops he should have."

#### Wide Territory to Cover.

The Island of Luzon is 41,000 miles in area. Of this vast territory the American troops control the city of Manila and a strip of territory across to Laguna de Bay. They also hold the railroad and strip of territory on both sides to Calumpit, and then the road connecting that point with San Fernando, where Gen. MacArthur's headquarters are established. San Fernando is about 35 miles from Manila. To the south of Manila Gen. Lawton has advanced along the coast about ten miles, and it is expected that he will soon return to the city, and the country over which he passed will again be occupied by the insurgents. At Iloilo, on the Island of Panay, where a revolutionary army is established, the American government has the Eighteenth infantry and Bridgeman's battery of artillery. One battalion of the First Tennessee regiment, which was also at Iloilo, has been sent to the Island of Cebu to assist a battalion of the Twenty-third in maintaining order. Two battalions of the Twenty-third are at Jolo. On the Island of Negros this government has two battalions of the First California. The number of islands in the archipelago is variously estimated at from 1,200 to 2,000, and the aggregate land area is placed at 114,350 square miles. The distribution of American troops, consequently, while as great as could be expected under the circumstances, certainly does not meet the situation.

#### Fresh Troops Arrive.

Manila, June 19, 10:45 a. m.—The United States transport Sherman, which sailed from San Francisco May 24, with 1,800 men and 75 officers under command of Brig. Gen. Fred D. Grant, has arrived here after a smooth voyage. One private died after the transports arrived. The troops brought by the transport will go to the island of Negros to relieve the California troops, Gen. Bates, who arrived on the transport, and Gen. Grant will probably be assigned to the command of the volunteer generals, some of whom will leave for home soon.

Gen. Hale and Funston desire to accompany their regiments home. The

Utah artillery, it is announced, will accompany the Nebraska troops on board the transport Hancock, leaving their guns here. The Pennsylvanians will start for home on the transport Senator this week. The Indiana sailed Sunday with 500 discharged and sick soldiers. She will go into dock for a few days at Nagasaki, Japan.

Military operations against the insurgents in the south have apparently been planned. Gen. Wheaton, at Imus, is sending reconnoitering parties to locate the enemy and other reconnoissances are being made from Cavite.

#### Passed Away.

Chicago, June 19.—James B. Tascott, whose inventions in the manufacture of paint during the last 50 years gained for him a reputation throughout the United States and Europe, died Saturday evening. His death recalls the disappearance of his son, William Tascott, of Snell murder fame. For ten years, since the aged manufacturer retired from active business, he has searched unceasingly for the missing son, and worry over the disappearance, which has puzzled the police for years, is said to have caused a gradual decline in Mr. Tascott's health.

#### Will Erect a Monument.

Vancouver, B. C., June 19.—Australian advices say that the officers of the British and American warships, who have been fraternizing during the recent trouble in Samoa, have decided to erect a joint monument to the memory of the English-speaking slain in the various engagements. It is intended to erect a granite monument with the names of the British engraved on one panel and the Americans on the other. Surmounting the roll of the killed with the British and American flags intertwined.

#### Election Postponed.

Vancouver, B. C., June 19. — Late Honolulu papers publish President McKinley's formal official announcement directing that the general election provided for by the constitution of the republic of Hawaii, to be held on the last Wednesday of September next, shall not be held. All native officers whose terms of office shall expire before appropriate legislation shall have been enacted by congress shall be continued in their offices at the pleasure of the president.

#### Indian Fishermen Strike.

Vancouver, B. C., June 19. — Twenty-five hundred Indian fishermen, of Rivers Inlet and Skeena, 200 miles up the coast, are on strike and the dozen canneries on the northern coast are running about an eighth of the usual capacity. The fishing season has just opened and the Indians absolutely refuse to go to work unless they are guaranteed ten cents per fish for the season. The cannery says they cannot give more than six or perhaps seven cents.

#### Ten Drowned.

Bremen, June 19.—In a collision off Friedrichshafen between the German steamer Artushof and the British steamer Mauritius Sunday, the Artushof was sunk, ten of her crew being drowned.

#### Fire in Philadelphia.

Philadelphia, June 19.—The four-story building of the Phoenix Paint & Brush company, 218 North Second street, was gutted by fire early Sunday. Loss, \$60,000.

## "Pride Goeth Before a Fall."

Some proud people think they are strong, ridicule the idea of disease, neglect health, let the blood run down, and stomach, kidneys and liver become deranged. Take Hood's Sarsaparilla and you will prevent the fall and save your pride.
